PIANO MASTERCLASS AND CHAMBER MUSIC WITH HEYOUNG PARK - CORÉE

A former professor at the Ecole Normale de Musique de Paris, Heyoung Park now lives and teaches in Korea at her own school.

Korean concert pianist, Heyoung Park is a graduate of Seoul National University. In 1997, she obtained the Diplôme Supérieur de Concertiste from the Ecole Normale de Musique de Paris in the class of Germaine Mounier (1920-2006). She is thus the heir to the tradition passed on by this great representative of the French piano school.

She performs as a soloist, in chamber music and with orchestras internationally (Seoul, Moscow, Atlanta, Salzburg, Rhodes, ...). In 2012, on the occasion of the 150th anniversary of Debussy's birth, she was invited to give masterclasses and record the DVD "Pianisme de Debussy".

Artistic Director of Paris Music Forum, she directs the concert series "SUNRISING" given by young promising Korean musicians and chairs the semi-final (Paris and Seoul) of the Osaka International Music Competition. Heyoung Park is also a jury member of the Sofia, Rhodes, Casablanca and Leopold Bellan International Competitions (Paris).
